
BUSINESS ORGANIZATION

This section summarizes basic information about your firm. As the example opposite shows, you may not know some details yet depending on whether or not you are starting out.

This section will include:

- how your business is organized: sole proprietorship, partnership or corporation. If you have not decided which is best for you, consult with your accountant or lawyer. A review of two BCMAFF publications, "Taxation and the BC Farmer" and "Estate Planning for BC Farmers," will prepare you to discuss these issues with your advisors.
- required registrations and licenses.
- management and advisors and their position or role. Include your banker, lawyer and accountant as advisors even if they don't have any ownership. Also include any friends or acquaintances who have business skills which you plan to use.
